

# FARO GLOBAL PROGRAMME

## AIMS

To develop, on the basis of practical experience in companies in Europe, United States, Canada and Asia, sufficient capacities and professional skills to complement the professional training given in universities, as well as other skills such as linguistic proficiency to aid access to the job market in an international environment.

## CANDIDATES

Students in the final stages of all the Spanish university degree courses officially recognised by the Ministry for Science and Innovation.

## PROMOTERS

The FARO Global programme is financed by the Spanish Ministry for Science and Innovation, coordinated and managed by the Fundación General de la Universidad de Valladolid.

## DESTINATIONS

Companies and organizations situated in Europe (except for Spain), Asia, United States and Canada.

## LENGTH

The average length for each placement is 7 months.

## CHARACTERISTICS OF THE PROGRAMME

This programme is composed of 1000 grants: 700 for Europe, 150 for United States and Canada, and 150 for Asia. It will take place from May 2008 to 31st December 2010, last day for the candidates to be back.

## ECONOMIC PACKAGE

The economic package of each grant consists of:

- Reimbursement of the entire journey.
- A monthly assignment for accommodation and living expenses. This will be of 625€ for placements in Europe, 1100 € for United States and Canada and 1000 € for Asia.
- A disease, accidents, civil liability and travel insurance.
- Visa paperwork costs, where appropriate.
